## About MAT

MAT, or Management Aptitude Test, is the B-school entrance exam conducted by the All India Management Association (AIMA). More than 450 B-schools across India use MAT as a part of their selection process.

MAT is a competitive exam conducted 4 times a year, in February, May, September and December.

**Eligibility:** A graduate in any discipline from a recognised university. Students in their final year of graduation can also write the exam.

**Pattern of Test:** MAT tests MBA aspirants in 5 basic test areas mentioned below. There is no section-wise breakup of questions as such but each test area has 40 questions.

The test consists of 200 multiple choice questions. There is negative mark for each wrong answer. The duration of the test is 2½ hours (150 minutes).

### Distribution of Questions

	Area	No. of Questions
1.	Language Comprehension	40
2.	Mathematical Skills	40
3.	Data Analysis & Sufficiency	40
4.	Intelligence & Critical Reasoning	40
5.	Indian and Global Environment	40
	<b>Total</b>	<b>200</b>

**Calculation of MAT scores :** After obtaining the scaled scores from each of the test areas, a composite score out of 800 is calculated. Additionally, an area-wise percentile score as well as an overall percentile is calculated. The score of Indian and Global Environment is not used for calculation of overall percentile and is mentioned separately in the score card. Many B-schools that accept MAT scores as part of their selection process do not consider the score in this area.

## MBA institutes under MAT

More than 450 institutes use MAT score as part of their selection process. Not all of them participate in all the MATs that are conducted during the year. Once shortlisted, based on your performance in the MAT exam, most B-schools will require you to attend a Group Discussion or/and a Personal Interview as part of their selection process. In addition to the above selection criteria, some B-schools may also assign weightages to your past academic record, extra-curricular activities and work experience, if any. In order to secure an admission into a top B-school that accepts MAT score, it is important not just to secure a good composite score, but also to perform well in the Group Discussion and Interview stage of the selection process. In order to secure a call from a good B-school it is imperative that one gets a composite score of at-least 500. This is where preparing with **T.I.M.E.**, the National leader in entrance exam training, will give you the extra edge.

Some of the B-schools which use MAT score are listed below

- Amity University, Noida
- Alliance University, Bangalore
- Christ University, Bangalore
