

► **Module IV :**

A large number of Mock I-CETs will be conducted. These will give you an overall idea of the level you require to achieve and ample practice to help you achieve it. In addition to a number of in-class and take-home Mock I-CETs, **10 All-A.P. Mock I-CETs** will be conducted. With the help of these tests, you will be able to compare your performance with that of the other students and see where you stand in a competitive environment. These Mock I-CETs will replicate the exam in every conceivable way, including the exam environment and the atmosphere.

► **Module V (Optional):**

This module prepares you comprehensively for NIMCET, PUNE MCA, Pondicherry University MCA, HCU & other MCA Entrance Exams. In addition to classes, we will also give you study material booklets, test papers and Mock NIMCET papers. A nominal fee will be charged for this module.

If you are appearing for MAT, you will be given additional classes for MAT. You will also be given study material booklets, test papers & mock MAT papers. Students who receive calls from the management institutes under MAT will receive Group Discussion and Interview inputs. A nominal fee will be charged for this module.

Course Highlights

- 26 Mock I-CETs (including 10 All-A.P. Mock I-CETs). The Mock I-CETs will be in English & Telugu
- All keywords in Basic Study Material in Pure Maths / Arithmetic given in Telugu also

What we offer

T.I.M.E. offers you a comprehensive course which will prepare you for I-CET 2014 in a thorough, rigorous and professional manner.

You will have the benefit of being taught by our experienced faculty members who have been acknowledged as the best in the city by students.

You will also have the satisfaction of knowing that you have joined an institute that has already got many top ranks and that you too could be one among them.

It goes without saying that the course is well-structured and the material is comprehensive. We also ensure that the material represents the latest pattern in the entrance exams.

About the Course

The course has five modules

► Module I :

Basic Study Material with solved examples and practice exercises. The material covers all the test areas, i.e. Pure Mathematics, Arithmetic/Commercial Mathematics, Logical & Analytical Reasoning, Data Sufficiency, Data Interpretation, Reading Comprehension, Business and Computer Terminology, Vocabulary and Functional Grammar.

► Module II :

Chapter-wise tests to help you prepare for each individual test area. These tests will help you revise your concepts and increase your speed.

► Module III :

To build a proper foundation for taking the I-CET, a number of Periodic Comprehensive Tests (PCTs) will be given. These PCTs are patterned along the I-CET model with 200 questions covering all the test areas. The Mathematical ability section of different PCTs will cover different topics.
